

CIRCULATION

Estimated Total Readership over 30,000 (the largest in our category). Over 17,500 hard copies printed for audited distribution (U.S.P.S.) through paid subscription and select retail outlets (Barnes & Noble, Borders, Books-A-Million, etc., and hundreds of independent stores) as well as PDFs for download from the web. However—unlike some publications — **ATLANTIS RISING** does not front large unordered quantities to distributors, to sit unseen for indefinite periods in dusty warehouses.

ATLANTIS RISING reaches a unique international market, unserved by any other publication. Our readers share an intense interest in the subject matter that, when not ignored by the mainstream press, is seldom treated with respect.

ATLANTIS RISING is considered by many to be the magazine of record for ancient mysteries, future science, and unexplained anomalies. We provide a serious forum for alternative ideas of prehistory, science, and culture; and as such, we command a highly focused and loyal market. Advertisers who understand the needs of this audience, and who know how to serve and communicate with it, get an outstanding return on their advertising investment.
